

Will Tuttle, Ph.D.

Music and Education for Spiritual Evolution

“One of the most profound spiritual experiences of my life.”

Rev. S. Carter

Pianist Will Tuttle’s inspiring music and uplifting presentations have touched the hearts, minds, and lives of thousands. Weaving words and his unique heart-opening and inspiring original piano music, he opens doors to the inner imaginative realms where healing insights and energies emerge and dance.

“Hearts were touched and tears flowed as Will’s inspired music worked its magic. Music is always a universal language. Combined with Will’s knowledge and wisdom, it becomes an instrument of divine grace.”

Rev. A. J. Quay

Dr. Tuttle currently appears at progressive churches and centers throughout North America and has been featured in many hundreds of spiritual gatherings and conferences. His message and music have been greeted with warm enthusiasm wherever he has appeared. At churches, he typically presents the morning special music, meditation, and/or message (any combination), and later gives an educational workshop “Opening the Intuitive Gate,” and a concert of original music, “Piano Passion.” These generate powerful energy for personal and planetary healing.
